University of Buckingham Student Accommodation Fit-Out

We recently worked with the University of Buckingham to upgrade their student accommodation. With a set budget, we completed the renovation in two weeks.

Having worked with many other education providers in the past, helping them to raise the quality level of accommodation for their students, we were excited to partner with Buckingham University to assist them with this project.

The University needed our help to improve the accommodation in one of their student accommodation blocks. This involved the fitting of 42 vanity units, beds, special study desks and bedside tables in the student bedrooms.

A particular challenge we were faced with involved being unable to fit a vanity unit into a small alcove in one of the rooms. To overcome this, we designed a custom unit that featured a larger worktop, which enabled us to successfully fulfil our client's wishes, while demonstrating the flexible approach we take to our interiors.

Overall, the project was a success and we managed to create a modern and contemporary fit-out for the University.

Project Date: 2018
Project Manager: Ivan Coldrick & Chris Reed
Project Value: ££
