Vysiion Ltd Jenner House Refurbishment

cobus

A long standing client, Vysion Ltd, reached out to our workplace strategists to redesign their Jenner House office to create a modern, on-brand workplace, designed for a sustainable future creating a space that facilitates the different working styles of their employees.

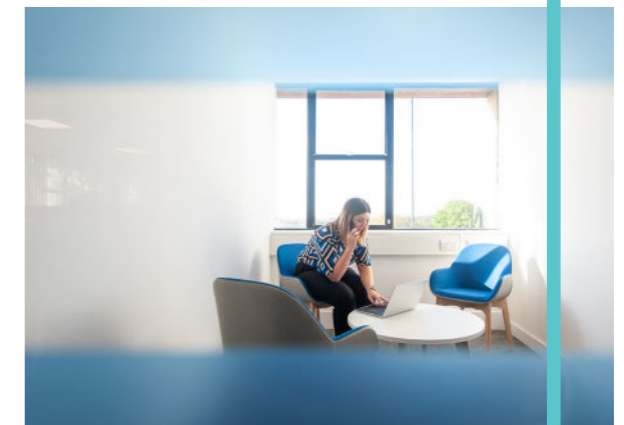

The reception was designed to be open, light and sophisticated in keeping with their brand. This was reciprocated in the office areas which introduced an open concept, incorporating flexible, multi-functional spaces for different types of employees. These zones included, collaborative project tables, informal meeting areas and private meeting rooms.

The refresh transformed their current office, creating a productive space for their employees.

Project Date: 2022
Project Manager: Gemma Griffiths
Project Size: 3,330 Sq Ft
Categories: Office Refurbishment
