

Au Vodka

Commercial,
Project Management, Installation

Au Vodka

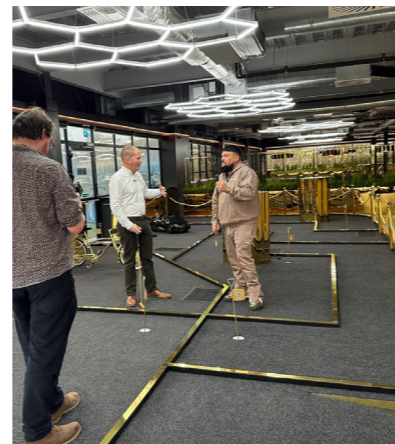

To mark their next chapter, AU Vodka invested in a 60,000 sq ft headquarters in their hometown of Swansea, firmly planting their roots in Wales.

Born in Swansea and now recognised worldwide, AU Vodka has experienced phenomenal growth over the last few years. Known for their striking gold bottles and bold, colourful flavours, the brand has become a standout name in the drinks industry.

To mark their next chapter, AU Vodka invested in a 60,000 sq ft headquarters in their hometown of Swansea, firmly planting their roots in Wales. The new "Gold HQ" reflects every element of their brand: featuring a liquor lab and

showroom, mini golf course, collaborative desking, and even a vibrant new coffee shop that is open to the public!

The design embodies AU Vodka's signature style - unapologetically gold, with pops of colour inspired by their iconic flavour range. It was fantastic to support the creation of an environment that balances creativity, collaboration, and brand personality in every detail.

Redefining spaces with confidence
